ORDER DENYING RULE 60 MOTION AND OTHER MATTERS FILED

This Court has considered several filings by Plaintiff Nancy Berent on December 10, 2024. First, it is unclear whether all the subject motions were actually served on all the named defendants as the certificates of service do not indicate service on all parties. Further, this matter was affirmed on appeal and the appellate mandate has now issued. The appellate mandate must be followed as law of the case and Plaintiff's motion does not otherwise establish grounds for relief under Rule 60. The motion refers to alleged criminal conduct, the responsibility of insurers, and confuses what it means to seek a venue change. The motions are difficult to follow and refer to matters that were never at issue in this case.

IT IS THEREFORE ORDERED denying Plaintiff's filings as follows:
