v.

BERNARD POTOFF, et al.

LYN ANNE BAILEY

MARIA R KUPILLAS  
RICHARD V MACK  
ROBERT J SPURLOCK  
THOMAS A STOOPS

ORDER ENTERED BY COURT

During the oral arguments held in the end of January 2017, the Potof Defendants inquired as to whether they were still parties in this matter as they are not included in the causes of action as alleged in the Second Amended Complaint filed September 8, 2016.

After reviewing the Verified Second Amended Complaint, the Court agrees that none of the allegations appears to relate to Defendants Potof. As an amended complaint does not set forth any allegations or claims against the Potofs, the Court must assume that they are no longer a party to this action.

Thus the Court will no longer treat the Potofs as Defendants in this matter and relieve them of any obligations as such.
