FINANCIAL SERVICES - REFUNDS

MINUTE ENTRY

The Court is in receipt of Judgment Debtor's pleading entitled "Refund." Judgment Debtor reported that the garnishment had been quashed prior to her requesting a hearing, that her purpose of requesting the hearing was to have the Court conduct a settlement conference as she had been told by court staff that by requesting a hearing she would obtain a settlement conference conducted by this Division. However, her belief was incorrect as the Court treated her request as a request for hearing on the garnishment. This Division does not conduct settlement conferences regarding outstanding judgments. In view of the foregoing,

IT IS ORDERED directing the Clerk of Court to refund to Judgment Debtor her filing fee for request for hearing.
